Innovation for your world

# Further & Higher Education

The complete Communication and Collaboration solution for a better-connected learning environment.

## Why Clevertouch?

From lecture theatres and seminar rooms to collaborative teaching spaces, the Clevertouch ecosystem creates dynamic interactive workspaces for greater student collaboration and communication. Consistently awarded education accolades and rated as the number one edtech solution in its category by independent consultants, Clevertouch has over a decade of innovation, with UK-based support, pre-and-post sales, face-to-face training, a robust warranty, and no ongoing costs or subscriptions.

The Clevertouch range of products helps deliver immersive and collaborative experiences. Digital, interactive teachings spaces are the lecture theatres of the future, and Clevertouch is proud to be at the forefront of this movement. Designed for hybrid learning, our solutions are dynamic and creative, giving students access to top quality learning environments - in person or remotely.

## About Clevertouch

Established in 2009, Clevertouch began with interactive flat panels and soon expanded into a wider range of technology solutions.

Clevertouch is the only manufacturer to deliver industry-leading full-service, products and software solutions. Delivering a multi-awarding winning range of interactive collaborative meeting room panels, interactive collaboration teaching panels, digital signage, room booking, large format commercial displays, and wayfinding screens, Clevertouch offers a solution for every sector.

Clevertouch has partnered with the world's largest processor manufacturer and achieved Intel Gold Partner Status. This alliance is set to benefit our partners and customers with an even greater range of Intel-based products, and innovation to meet the needs of a new technology driven society in the post covid world.

## The next generation in collaboration

Our range of Further/Higher Education Solutions are suitable for many applications on campus, including Teaching Areas, Student Collaboration Spaces, and Lecture Theatres. Find the perfect all-in-one solution for learning and sharing ideas.

### Reception
Welcome those attending your College or University with personalised welcome messages, showcase videos, digital sign-in, wayfinding, and more. Keep students motivated with ecognition of achievement messages, alert students and staff instantly with safety instructions, and showcase changes to the school day easily.

### Hallways
Forget bulk emails that don't get read or printed dog-eared notices on pinboards, education digital signage is a more effective way to communicate internally. From updating students and staff on the latest timetables to last-minute changes to the day the Clevertouch FEHE digital signage systems are ideally suited to keeping staff up to date.

### Teaching Areas
Support modern learning and teaching, and equip teaching spaces with technology that empowers educators to engage students and maximize their learning experience.

### Meeting Rooms
The perfect Meeting Room experience provides a hub for collaborative group work for those on campus and those virtually. These well-designed rooms should be adaptable for your students, accommodating the use of personal devices and touchscreens.

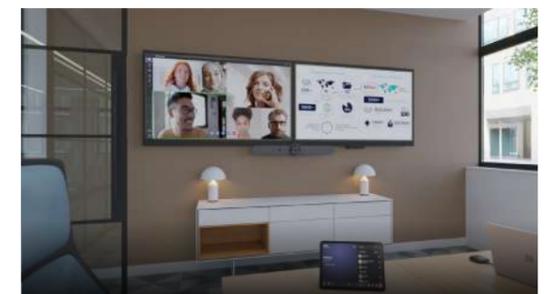

### Student Collaboration Spaces
Bring students together in a technologically enabled space to encourage exploration, collaboration and discussion. A flexible space that is adaptable for group and individual active learning.

### Lecture Theatres
A well-designed Lecture theatre is a space that is simple for the presenter to use and offers the best experience for students. Our technology allows students to collaborate effectively and share ideas.

$$\sin^2 x + \cos^2 x = 1 \qquad tg^2\alpha + 1 = \frac{1}{\cos^2\alpha}$$

$$\sin 45° = \frac{1}{\sqrt{2}}$$

$$\sqrt{25} = 5$$

$$(a + b)^2 = a^2 + 2ab + b^2$$

$$xy = ab^2$$

$$xy = z^2$$

$$V = \frac{1}{3} Sh$$

$$C = 2\pi r$$

**Natural handwriting**
Our new pen type allows users to have a more natural feel to their writing. Pressure and velocity will help to decide the thickness of the line as the user writes – like a real pen.

**Differential Recognition**
LYNX knows the difference between pen, palm and finger manipulation, so you can write with a stylus, whilst moving objects or palm-erasing with your hands/fingers.

**Dual Pen**
Two users can choose different pens, or different tools, and use them simultaneously, providing a more natural feel.

**Increase Student Engagement**
Search videos from YouTube, images from Unsplash, panoramic images – all without leaving your app. Safe Search enabled, ensuring content is suitable for children.

**Collaborate with ease**
Students can scan a QR code with their personal device and either join the activity during the lesson, or save it to do at home.

**Fun, Shareable Activities**
Create your own activities with customizable content. Activities will automatically be saved to your LYNX Cloud, so that you can share them with colleagues.

LYNX Whiteboard has now partnered with PhET to give you over 80 FREE STEM activities to use in your classroom or set as homework.
